

Doodle challenge

30 DE INVITAȚII PENTRU 30 DE ZILE

Pentru copii și copilul din noi

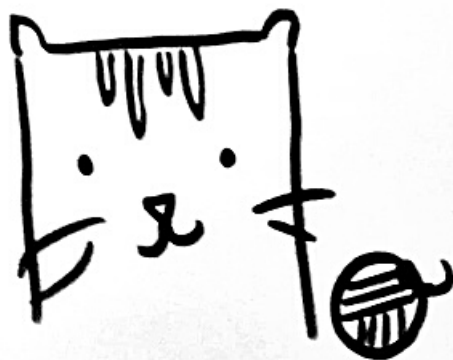

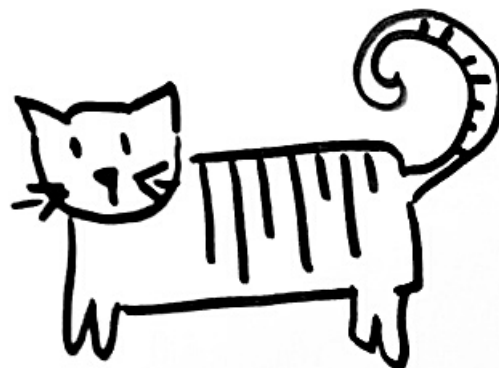

Am început aceste desene în perioada declanșării pandemiei, pentru a aduce un pic de bucurie, joacă și relaxare, zi de zi.

Am fost inspirată de activitățile de doodling realizate împreună cu copiii Școlii Babel, de ceea ce îi pasionează pe ei și ceea ce mă pasiona pe mine când eram copil.

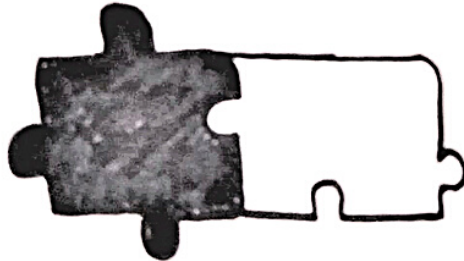

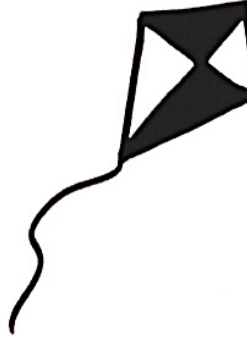

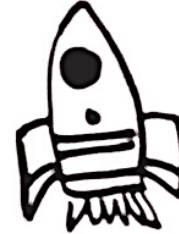

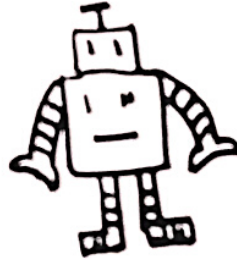

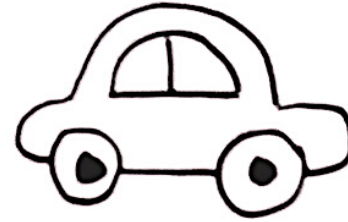

Dincolo de invitația la desen și joacă, e și o invitație la reflecție, simplitate, imaginație, învățare și speranță.
